

JULY 23-27, 2017

11TH IWA INTERNATIONAL CONFERENCE ON WATER RECLAMATION AND REUSE

LONG BEACH, CALIFORNIA

Re: Letter of Invitation to Attend the 11th IWA International Conference on Water Reclamation and Reuse
(July 23-27, 2017, in Long Beach, California USA)

Dear

On behalf of the International Water Association (IWA), Water Environment & Reuse Foundation (WE&RF), WaterReuse California (WRA CA), and the National Water Research Institute (NWRI), we officially invite you to attend and participate at the “11th IWA International Conference on Water Reclamation and Reuse” (IWA 2017) on July 23-27, 2017. The conference will be held at the Long Beach Convention Center, located at 300 E. Ocean Boulevard, Long Beach, California 90802 USA.

This international conference is intended to further the development of reuse water qualities that are fit-for-purpose. This event will provide an opportunity to share knowledge regarding water reuse approaches and applications in different countries, to build trust and further grow water reuse projects. The focus will be to bring together water managers, industry leaders, and cutting-edge researchers to learn what’s working, what’s not, and what’s next in water reuse policy and regulations, technology, operations, financing, and public perception.

Should you require more information about the conference, please visit our conference website at www.iwareuse2017.org. You may also contact Courtney Tharpe, Conference Director at (01) 571-445-5510 or ctharpe@watereuse.org. Thank you, and we look forward to seeing you at the conference.

Organized by:

Water Environment
& Reuse Foundation

WaterReuse California

National Water
Research Institute
